PART 1010—SUSPENSION ORDERS

[Suspension Order S-925]

C & C SPORTSWEAR

C & C Sportswear is a copartnership, consisting of Vito Cimarusti and Albert Cutler, having its principal place of business located at 939 South Broadway, Los Angeles, California. It is engaged in the manufacture of children's wear. On September 25, 1945, on Form WPB-3732, C & C Sportswear was authorized to use for fourth quarter delivery preference rating CC under Serial No. 12255 to acquire 4,352 yards of cotton carded broadcloth. On October 6, 1945, it issued its purchase order for 35,000 yards of cotton broadcloth accompanying such purchase order with Form WPB-4343, thereby applying the preference rating CC and the Serial No. 12255, which constituted an over-extension of 30,648 yards of carded broadcloth in excess of its authorization. This action constituted a grossly negligent violation of Priorities Regulation No. 3, and has interfered with the controls established by the Civilian Production Administration. In view of the foregoing, it is hereby ordered, that:

§ 1010.925 *Suspension Order No. S-925*. (a) The temporary suspension order issued to respondent on January 2, 1946 is hereby revoked.

(b) During the first quarter of 1946 Vito Cimarusti and Albert Cutler, copartners, d/b/a C & C Sportswear, shall not place any rated orders for or receive deliveries of any cotton carded broadcloth upon any preference rated order.

(c) No allocation of cotton carded broadcloth and no preference rating symbol or serial number therefor shall be granted to Vito Cimarusti and Albert Cutler, copartners, d/b/a C & C Sportswear, during the first quarter of 1946.

(d) Nothing contained in this order shall be deemed to relieve Vito Cimarusti and Albert Cutler, co-partners d/b/a C & C Sportswear, from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration except insofar as the same may be inconsistent with the provisions hereof.

(e) The restrictions and prohibitions herein contained shall apply to Vito Cimarusti and Albert Cutler, co-partners d/b/a C & C Sportswear, their successors and assigns, or persons acting in their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(f) Vito Cimarusti and Albert Cutler, co-partners d/b/a C & C Sportswear, shall refer to this order in any application or appeal that they may file with the Civilian Production Administration during the first quarter of 1946 dealing with their use of textiles.

PART 1010—SUSPENSION ORDER

[Suspension Order S-927]

LEADING STYLES

Ben Kass, doing business as Leading Styles at 39 West 37th Street, New York, N. Y., is engaged in the manufacture of women's blouses. On January 2, 1946, a temporary suspension order was issued against Ben Kass directing him to immediately cancel outstanding CC rated textile orders in excess of those authorized for the fourth quarter of 1945 and to place no CC rated orders for such textiles during the first quarter of 1946. During the fourth quarter of 1945, Ben Kass placed orders bearing CC ratings for 43,601 yards of rayon fabrics, although he was authorized to place orders bearing these ratings for only 11,963 yards of such materials. The placing of these rated orders for 31,718 yards of rayon fabrics in excess of the amount authorized constituted wilful violation of Priorities Regulation No. 3. These actions have interfered with the controls established by the Civilian Production Administration for the distribution of critical materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.927 *Suspension Order No. S-927.* (a) The temporary suspension order issued against Ben Kass on January 2, 1946, is hereby revoked.

(b) Ben Kass shall not receive any authorization from the Civilian Production Administration to place orders bearing CC ratings for rayon fabrics during the first and second quarters of 1946, nor shall he place any orders bearing CC ratings for such fabrics during that period.

(c) Ben Kass shall refer to this order in any application or appeal which he

may file with the Civilian Production Administration during the first and second quarters of 1946 dealing with his use of textiles.

(d) Nothing contained in this order shall be deemed to relieve Ben Kass from any restriction, prohibition, or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as same may be inconsistent with the provisions hereof.

(e) The restrictions and prohibitions contained herein shall apply to Ben Kass, doing business as Leading Styles or under any other name, his successors and assigns or persons acting on his behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

Issued this 25th day of February 1946.

Chapter XI—Office of Price Administration PART 1418—TERRITORIES AND POSSESSIONS

[RMPR 373, Amdt. 68]

GROCERY ITEMS IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 39 of Revised Maximum Price Regulation 373 is amended in the following respects:

1. Paragraph (d) (2) is amended to read as follows:

(2) Prepare and keep a "Price Book" and enter therein, in the case of items for which you must compute your ceiling prices under Table B, the following information with respect to each such item:

(i) The date of your supplier's invoice;
(ii) The name of your supplier;
(iii) Your "net cost";
(iv) The number of retail units in the customary wholesale unit (e. g. 48 cans to a case);

(v) The division factor used, and
(vi) The resulting ceiling price per case (or other wholesale unit), and
(vii) The ceiling price per retail unit.

In addition, multiple outlet retail stores must enter in the "Price Book" the quantity purchased in case their ceiling price for a particular item is computed on a weighted average net cost basis.

You may, with the prior approval of the Office of Price Administration, omit the entries in your "Price Book" required by items (i) and (ii) listed above. Such approval will be granted if you can demonstrate to the satisfaction of the Office of Price Administration that your invoice filing system is such that the invoice supporting any entry in your "Price Book" can be readily produced for examination by any Office of Price Administration representative.

If you compute a price in accordance with the provisions of Table B, para-

graph (c) (2), each step of the calculation of your price under this pricing method must be recorded in your "Price Book."

You must show your records and your "Price Book" to any Office of Price Administration representative on request.

2. Table A is amended to read as follows:

TABLE A—DOLLARS AND CENTS MAXIMUM PRICES FOR CERTAIN GROCERY ITEMS IN THE TERRITORY OF HAWAII

(a) This Table A applies to all retailers of grocery items covered by this section located in the Territory of Hawaii. If the item being priced is not listed in this Table A, then the retailer shall compute his maximum prices in accordance with the provisions set forth in Table B of this section.

(b) "Commodity classification number," as used in this Table A, means the number assigned to the particular subdivision contained in paragraph (f) of this section, in which the grocery items listed are classified and defined.

(c) The following maximum prices are established for sales by retailers in the Territory of Hawaii. To these prices may be added the transportation differentials of 2% in Zone 2 and 3% in Zone 3 set forth in paragraph (e) of this section.

NOTE: Unless otherwise specified in the following table, the prices listed shall apply throughout the Territory of Hawaii.

PART 1305—ADMINISTRATION

[Rev. SO 113, Amdt. 3]

MANUFACTURERS' MAXIMUM AVERAGE PRICE FOR WOOL CIVILIAN APPAREL FABRICS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Supplementary Order No. 113 is amended in the following respects:

1. Section 2 is amended by adding the following paragraph (c):

(c) Notwithstanding any other provision of this supplementary order a manufacturer if he so elects, may in the computation of his quarterly weighted average price (or prices) for any class or category which includes any one or more of the groups of "subject" fabrics, substitute for all his deliveries of any group of "subject" fabrics in that quarter in that class or category as the case may be, all the deliveries of that group of "subject" fabrics made in the corresponding quarter of his base year. A manufacturer who computes his maximum average price on a year 'round or half-yearly basis shall use the average quarterly delivery of those fabrics in his corresponding base period in lieu of those fabrics delivered in the corresponding quarter of the base year. A manufacturer who uses 1944 as his base year shall substitute the base period deliveries of that group of "subject" fabrics at 96% of their weighted average price. The foregoing election becomes available beginning with the first quarter of 1946 and may be exercised separately with respect to that quarter and each subsequent quarter. "Subject" fabrics means any one or more of the following groups of fabrics: (1) 100% virgin wool men's wear suitings, 13 oz. and heavier, woven from worsted type yarns spun from wool top on either the cotton or worsted systems delivered at or below \$3.00 per yard (net basis); (2) fabrics containing more than 50 per

cent by weight of "new" hair of the vicuna, guanaco, cashmere goat, camel or alpaca. "New" hair shall mean hair which does not include any re-used or re-worked hair of these animals.

2. Section 6 (c) (2) (i) is amended to read as follows:

(i) He may separate the fabrics produced by the mill or mills owned or controlled by him, controlling him or under common control with him from the production of another mill or other mills owned or controlled by him, controlling him or under common control with him.

3. Section 6 (d) is amended to read as follows:

(d) *Election and change of election.* A manufacturer's election of the class or category basis (and of the categories he desires to use, if he elects the latter basis) shall be indicated in his "new base period report" (see paragraph (a) of section 14) or in the "application by other manufacturers" (see paragraph (a) of section 8), whichever is applicable. That election shall become final March 31, 1946, unless on or before that date the manufacturer shall have filed a new election (together with an appropriately changed "new base period report" or "application by other manufacturers", whichever is applicable, and appropriately changed quarterly reports for the third and fourth quarters of 1945 reflecting his new election) with the Office of Price Administration, Washington 25, D. C. Any new election made after December 31, 1945, shall become effective as of the beginning of the third quarter of 1945.

4. Section 7 (a) is amended by the substitution of the word "after" for the word "since" in next to the last sentence of paragraph (a).

5. Section 7 (d) is amended to read as follows:

(d) In the computation of a maximum average price (or prices) the manufacturer must substitute for the price at which a fabric was sold during the base year, regardless of whether it is higher or lower, (1) any adjusted maximum price issued for the fabric by the Administrator which has become effective during or after the base year pursuant to § 1410.109 of Maximum Price Regulation No. 163 and (2) any different maximum price for the fabric which has become effective during or after such base year by virtue of any order or amendment thereto issued pursuant to § 1410.119 of that Regulation or to § 1499.3 of the General Maximum Price Regulation.

6. Section 8 (g) (3) is amended by the substitution of the words "that base year" for the numeral "1944" in subparagraph (3).

7. Section 14 (b) is amended by adding immediately after subparagraph (5) thereof the following subparagraph (6):

(6) If a manufacturer elects to avail himself of the substitutions provided in section 2 (c), he shall furnish the Office of Price Administration, Washington 25,

D. C. in place of the information requested in subparagraph (5) (i), (ii) and (iii) of this section for each class or category which includes any one or more of the groups of "subject" fabrics all of the following information:

(i) (a) Total net dollar amount charged for deliveries during the quarter, (b) the net dollar amount charged for each group of "subject" fabrics delivered during the quarter, (c) the total net dollar amount charged for each group of "subject" fabrics delivered during the corresponding quarter in the base year if the manufacturer operates on a quarterly basis, or the average quarterly net dollar amount charged for such fabrics during his corresponding base period, if the manufacturer operates on a year 'round or half-yearly basis. (The dollar amount in item (c) should be reduced by 4% if the manufacturer's base year is 1944.)

(ii) (a) Total number of yards delivered during the quarter less returns and allowances (specifying whether linear or square yards), (b) total number of yards of each group of "subject" fabrics delivered during the quarter, (c) total number of yards of each group of "subject" fabrics delivered during the corresponding quarter in the base year if the manufacturer operates on a quarterly basis, or the average quarterly delivery of such fabrics during his corresponding base period if the manufacturer operates on a year 'round or half-yearly basis.

PART 1351—FOOD AND FOOD PRODUCTS [RMFR 289, Amdt. 47]

DAIRY PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 289 is amended in the following respects:

1. A new section 20 (n) is added to read as follows:

¹ 10 F.R. 2352, 2658, 3554, 3948, 3950, 5772, 5792, 6232, 7340, 7852, 9084, 11809, 12651, 12957, 12989, 13216, 13592, 14735; 11 F.R. 175, 244, 712, 840.

(n) *Maximum price for service of custom churning butter.* Notwithstanding the provisions of Revised Maximum Price Regulation 165, or any order issued under that regulation, the maximum price which may be charged or paid for the service of custom churning butterfat into butter shall be an amount which, when added to the price paid for the butterfat, whether in milk, cream or plastic cream (including handling and transportation costs) by the purchaser of the service does not exceed the applicable maximum price established by this Section 20 for the sale of the butter by a creamery.

2. A new section, 20 (o) is added to read as follows:

(o) *Evasionary practices prohibited.* Any arrangement by which a buyer of butter from a creamery sells butterfat (whether in cream, milk or plastic cream) to such creamery is a violation of the price limitations of this section if the amount paid for the butter plus the amount paid for the butterfat by the buyer of the butter, including handling and transportation costs, less any amount realized from the sale of the butterfat to the creamery, exceeds the applicable maximum price for the sale of the butter by the creamery. The amount of such excess shall be deemed to be the amount by which the applicable maximum price for the sale and purchase of butter is exceeded and shall be the measure of damages involved in the transaction. "Buyer of butter," as used in this paragraph, includes any affiliate or subsidiary of, or person or persons having a substantial community of interest with, the person or persons actually buying butter from the creamery.

The evasive practice described by this paragraph is in addition to other evasive practices described by this regulation and shall not be deemed to permit any other practices of purchasing or selling butterfat or butter the net result of which is a cost in excess of the applicable maximum prices established by this section 20.

This amendment shall become effective February 25, 1946.

Issued this 25th day of February 1946.

Administrator.

CONSENT ORDER

Cotton Craft, Inc., 1350 Broadway, New York, New York, engaged in the business of manufacturing women's dresses, is charged by the Civilian Production Administration, by letter dated February 11, 1946, with having applied CC ratings to purchase orders for 67,000 yards of cotton fabrics, although it had no specific authorization to apply such ratings for the purchase of said material, in violation of Priorities Regulation No. 3. Although an official order of the Civilian Production Administration was sent to it on December 6, 1945, directing it to cancel all outstanding purchase orders bearing CC ratings, to discontinue receipt of such material in excess of its authorization, and to discontinue cutting up or processing such material in excess of the yardage authorized, Cotton Craft, Inc., did not comply with such order but continued to receive and process materials, constituting a wilful violation of the foregoing official order of the Civilian Production Administration. Cotton Craft, Inc., admits the violations as charged and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Cotton Craft, Inc., the Director of the Compliance Division, and the Assistant General Counsel in charge of compliance, and upon the approval of the Chief Compliance Commissioner, *It is hereby ordered, That:*

(a) The temporary suspension order issued to Cotton Craft, Inc., on January 2, 1946, is hereby revoked.

[Docket Nos. G-115, G-399, G-400, G-401]

EAST OHIO GAS CO. ET AL

ORDER DENYING MOTIONS TO DISMISS, CONSOLIDATING PROCEEDINGS, FIXING DATE OF HEARING, AND REQUIRING THE EAST OHIO GAS COMPANY TO SHOW CAUSE

FEBRUARY 16, 1946.

In the Matters of The East Ohio Gas Company, Docket No. G-115; City of Euclid, complainant, v. The East Ohio Gas Company, defendant, Docket No. G-399; City of Cleveland, complainant, v. The East Ohio Gas Company, defendant, Docket No. G-400; City of Lakewood,

complainant, v. The East Ohio Gas Company, defendant, Docket No. G-401.

It appears to the Commission that:

(a) On October 26, 1938, in the matter of The East Ohio Gas Company, Docket No. G-115, the City of Cleveland, Ohio, filed with the Commission a petition praying for an investigation and a determination by the Commission of the cost of transportation in interstate commerce of natural gas by The East Ohio Gas Company ("East Ohio") from the Ohio River to the city gate of Cleveland, and an order requiring East Ohio to file with the Commission an inventory of its property devoted in whole or in part to the transportation of interstate gas and a statement of the original cost of such property.

(b) By an order in said matter dated February 14, 1939, the Commission, pursuant to sections 5 (b) and 6 (b) of the Natural Gas Act, instituted an investigation to determine the cost of transportation of natural gas by East Ohio from the Ohio River to the city gate of Cleveland, and directing East Ohio to furnish to the Commission under oath, on or before April 17, 1939, the following information and data:

(i) An inventory of its lines, facilities and other classes of property, devoted in whole or in part to and actually used or useful in the transportation of natural gas from the Ohio River to the city gate of Cleveland, Ohio, as of December 31, 1938;

(ii) A statement of lines, facilities and other classes of property, of the cost to East Ohio of each item set forth in (i) above, constructed by said Company as reflected on its books on December 31, 1938;

(iii) A statement by lines, facilities and other classes of property, of the cost to any other person first devoting such property to the public service, estimated if not known, of such items set forth in (i) above, as were acquired by East Ohio as operating units or systems or parts thereof;

(iv) A statement setting forth by years for the calendar years 1936, 1937 and 1938, and classified by accounts as kept by said Company, the operating expenses applicable to the transportation of natural gas through the lines and facilities set forth in (i) above;

(v) A statement setting forth by years for the calendar years 1936, 1937 and 1938, the total quantities of natural gas transported through the lines and facilities set forth in (i) above, and segregated between natural gas purchased from Hope Natural Gas Company and natural gas received from other sources;

(vi) A legible map showing the lines and facilities set forth in (i) above, and designating the receiving points of natural gas into said lines from each separate source.

(c) On March 16, 1939, East Ohio petitioned for a rehearing and stay of said order of February 14, 1939. On April 14, 1939, the Commission denied the application for rehearing and stay, and amended the order of February 14, 1939, by directing East Ohio to furnish the following information in lieu of the requested information referred to in subdivision (ii) of paragraph (b) above:

A statement by lines, facilities and other classes of property, as of December 31, 1938, of the cost, estimated if not known, to East Ohio of each item set forth in (i) above, constructed by said Company; if the statement of cost differs from cost recorded in the books of account, a reconciliation of the amounts should be supplied;

and granted East Ohio an extension of time until July 17, 1939, to furnish the information and data required by said order of February 14, 1939.

(d) On June 13, 1939, East Ohio filed with the United States Circuit Court of Appeals for the Sixth Circuit, a petition for review of said order of February 14, 1939; on November 8, 1940, the Court of Appeals, acting upon motion of the Commission, dismissed the petition for want of jurisdiction (*East Ohio Gas Co. v. Federal Power Commission*, 115 F. 2d 385).

(e) On November 3, 1939, by Order No. 69, the Commission, pursuant to authority granted by the Natural Gas Act, prescribed a Uniform System of Accounts for Natural-Gas Companies Subject to the Provisions of the Natural Gas Act, to become effective on January 1, 1940; by Order No. 73, adopted April 9, 1940, the Commission directed natural-gas companies subject to its jurisdiction to submit certain data, statements and information, pursuant to Gas Plant Instruction 2-D of said system of accounts, on or before January 1, 1942; by Order No. 69-A, adopted March 3, 1942, the Commission prescribed certain accounting requirements respecting Account 100.5, Gas Plant Acquisition Adjustments, in said system of accounts.

(f) By Order No. 63, adopted September 6, 1939, Order No. 80, adopted January 14, 1941, Order No. 86, adopted November 12, 1941, Order No. 100, adopted November 24, 1942, and Order No. 113, adopted December 21, 1943, the Commission prescribed forms of annual financial and statistical reports for "natural-gas companies" as defined in the Natural Gas Act, designated respectively as FPC Form No. 133 (1939), FPC Form No. 133 (1940), FPC Form No. 133 (1941), FPC Form No. 133 (1942), and FPC Form No. 2 (1943 and each succeeding year); and directed that the same be filed with the Commission.

(g) By Order No. 81, adopted January 21, 1941, and Order No. 107, adopted November 23, 1943, the Commission, pursuant to authority vested in it by the Natural Gas Act, prescribed amendments to its "Provisional Rules of Practice and Regulations under the Natural Gas Act," requiring "natural-gas companies" within the meaning of said Act to furnish the Commission copies of certain contracts for the direct sale of natural gas to industrial consumers; and by Order No. 96, adopted June 23, 1942, required "natural-gas companies" to furnish the Commission copies of certain contracts involving the sale of natural gas to any agency of the United States, or to any party whose purchase or receipt of natural gas required the approval of any agency of the United States.

(h) All of the orders referred to in paragraphs (e), (f) and (g) hereof were

duly served upon East Ohio; and the time for compliance with each and all of said orders and requirements has expired.

(i) On June 25, 1942, the Cities of Cleveland and Euclid, Ohio, and on June 29, 1942, the City of Lakewood, Ohio, filed with this Commission complaints against East Ohio in the proceedings designated as City of Cleveland, Complainant, v. The East Ohio Gas Company, Defendant, Docket No. G-400, City of Euclid, Complainant v. The East Ohio Gas Company, Defendant, Docket No. G-399, and City of Lakewood, Complainant, v. The East Ohio Gas Company, Defendant, Docket No. G-401. Each of said complainants alleges, inter alia, that East Ohio has failed and refused to comply with the aforementioned Orders Nos. 69, 73 and 69-A; that the complainant has a substantial interest in the enforcement of the Commission's orders requiring East Ohio to ascertain and file its original cost, and prays, inter alia, that East Ohio be required to comply with such orders.

(j) On July 23, 1942, East Ohio filed motions to dismiss each of the aforementioned complaints together with supporting briefs; thereafter the Cities of Cleveland, Lakewood and Euclid duly filed briefs in opposition to such motions.

(k) On February 3, 1943, In the Matter of The East Ohio Gas Company, Docket No. G-115, the Commission issued a supplemental order for the purpose of determining whether East Ohio was a "natural-gas company" within the meaning of the Natural Gas Act; and to determine the cost of natural gas service rendered by said Company, including the cost of transportation of natural gas by it from the Ohio River to the city gate serving Cleveland, Euclid and Lakewood, and setting the proceeding for hearing on March 3, 1943. On February 20, 1943, the Commission issued an order postponing such hearing to April 7, 1943. Thereafter, on February 25, 1943, the City of Cleveland filed a petition for leave to intervene in said proceeding, which petition was granted by order of March 9, 1943. On March 23, 1943, an order was issued postponing the hearing in said matter until further order of the Commission.

(l) On November 30, 1943, In the Matter of The East Ohio Gas Company, Docket No. G-458, an opinion and order were entered by the Commission in which it determined that East Ohio was a "natural-gas company" within the meaning of the Natural Gas Act. No appeal from this order was prosecuted by East Ohio, as provided for in section 19 (b) of the Natural Gas Act. On January 18, 1944, In the Matter of The East Ohio Gas Company, Docket No. G-266, the Commission issued an order in which it again determined that East Ohio was a "natural-gas company," and East Ohio sought no court review of such order, as provided for by the Natural Gas Act.

(m) East Ohio has failed and refused to comply with each and all of the orders and requirements referred to in paragraphs (b), (c), (e), (f) and (g) hereof.

Upon consideration of the record in each of the above-entitled matters des-

ignated Docket Nos. G-115, G-399, G-400 and G-401, and the motions to dismiss and briefs on file referred to in paragraph (j) hereof, the Commission finds that: Good cause exists for denying said motions to dismiss; for consolidating the aforementioned proceedings for hearing; for requiring East Ohio to show cause as hereinafter specified; and for holding a public hearing upon the matters and issues involved herein.

The Commission orders that: (A) The motions of East Ohio to dismiss the respective complaints on file in the proceedings designated Docket Nos. G-399, G-400 and G-401, be and the same are hereby denied.

(B) The proceedings in Docket Nos. G-115, G-399, G-400 and G-401 be and the same are hereby consolidated for the purpose of hearing.

(C) A public hearing be held commencing on March 18, 1946, at 10:00 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

(i) Respecting the matters involved and the issues presented in these proceedings;

(ii) That at such hearing, East Ohio show cause, if any there be, why it is not a "natural-gas company" within the meaning of the Natural Gas Act; and why it has failed and refused to comply with the orders and requirements specified in paragraphs (b), (c), (e), (f) and (g) hereof; and why the Commission should not institute appropriate proceedings against it, its officers and directors for failure or refusal to comply with such orders and requirements.

(D) Nothing contained in this order shall be construed as a waiver or stay of the requirements of any orders or requests of the Commission applicable to or affecting East Ohio.

(E) Interested State commissions may participate in this hearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

[Rev. SO 119, Order 93]

E. INGRAHAM CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed

with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order 119, it is ordered:

(a) *Manufacturer's ceiling prices.* The E. Ingraham Company, 392 North Main Street, Bristol, Connecticut, may compute its adjusted ceiling prices for 1-day spring-driven alarm clocks, 8-day spring-driven clocks and electric clocks, which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by the percent of increase set forth below after each product line.

Product line	Percent of increase
1-day spring-driven alarm clocks.....	8.7
8-day spring-driven clocks.....	16.7
Electric clocks.....	9.1

(2) For an article not in its line during October 1941, but which has a properly established ceiling price (in effect before the effective date of this order) the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "note 3" in section 8 of Revised Supplementary Order 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereinafter properly determined or established in accordance with Maximum Price Regulation 188 and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Maximum prices of purchasers for resale.* The manufacturer is required to calculate wholesalers' and retailers' ceiling prices for each of the articles which it sells at adjusted prices permitted by this order according to the provisions of this paragraph. The prices so calculated are the maximum prices of all resellers of articles covered by this order.

(1) *Retailers' ceiling prices.* The manufacturer shall calculate the retail ceiling price of articles sold at adjusted prices by increasing his October 1941 retail list prices for such articles by the same percentage as he has increased his own prices as permitted by this order. If he did not have a retail list price in October 1941 for a particular article, he shall calculate a retail ceiling price for that article which will reflect the same percentage mark-up over that article's adjusted ceiling price as exists on the most comparable article for which he had a retail list price in October 1941.

(2) *Wholesalers' ceiling price.* The manufacturer shall calculate the wholesale ceiling price of articles sold at adjusted prices by increasing his October 1941 wholesale list prices for such articles by the same percentage as he has increased his own prices as permitted by this order. If he did not have a whole-

sale list price in October 1941 for such an article, he shall calculate a wholesale ceiling price for that article which will reflect the same percentage over that article's adjusted ceiling price as exists on the most comparable article for which he had a wholesale list price in October 1941.

(3) *Pre-ticketing.* The manufacturer shall attach a tag or label to every article for which a maximum retail price is established by this order. The tag or label shall contain the following statement with the blank properly filled in:

OPA Retail Ceiling Price—\$-----
Exclusive of Federal Excise Tax
Do Not Detach

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's customary terms, discounts, allowances and other price differentials on sales to each class of purchaser in effect during March 1942, or established under any applicable OPA regulation.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale showing a ceiling price adjusted in accordance with the terms of this order, the manufacturer shall notify each purchaser in writing of adjusted ceiling prices for resales of the articles covered by this order. This notice may be given in any convenient form.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on February 25, 1946.

Issued this 25th day of February 1946.

CASTERS

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 30 of Revised Maximum Price Regulation 136, It is Ordered:

(a) The maximum prices for sales of new washing machine casters by any manufacturer shall be established as follows:

(1) For any washing machine caster for which the manufacturer had a published list price in effect on October 1, 1941, or an established price in effect on the base date, the maximum price shall be that price computed under section 7 of Revised Maximum Price Regulation 136, plus 12.3% of that price.

(2) For any washing machine casters, which are modifications of those described in subparagraph (1) above, the maximum prices shall be computed under the provisions of section 8 of Revised Maximum Price Regulation 136, using the price computed under subparagraph (1) above as the price of the washing machine caster before modification. Section 8 has reference to the establishment of a maximum price for a product

which either had a published list or an established list price on the base date or a list price approved by OPA, and in which there has been a substantial change in design, specifications or equipment. In using section 8, therefore, under the provisions of this subparagraph, a manufacturer must first establish a price for the product under the preceding subparagraph (1), and then establish the increase or decrease in that price on the basis of the modification in the manner provided in section 8.

(b) The maximum prices for sales by any manufacturer of new casters, other than washing machine casters, shall be determined as follows:

(1) For any such casters for which the manufacturer had a published list price in effect on October 1, 1941, or an established price in effect on the base date, the maximum price shall be the price computed under section 7 of Revised Maximum Price Regulation 136, plus 7.3% of that price.

(2) For any such casters, which are modifications of those described in the preceding paragraph (b) (1), the maximum prices shall be computed under the provisions of section 8 of Revised Maximum Price Regulation 136, using the price computed under the preceding paragraph (b) (1) as the price of the caster before modification. Section 8 has reference to the establishment of a maximum price for a product which either had a published list price or an established list price on the base date or a list price approved by OPA, and in which there has been a substantial change in design, specifications and equipment. In using section 8, therefore, under the provisions of this subparagraph, a manufacturer must first establish a price for the product under the preceding paragraph (b) (1), and then establish the increase or decrease in that price on the basis of the modification in the manner provided in section 8.

(c) If a manufacturer is unable to establish a maximum price for any caster under the provisions of the preceding paragraphs (a) and (b), whichever is applicable, he may apply to the Machinery Branch, Office of Price Administration, Washington 25, D. C., for permission to establish a maximum price for the casters under the provisions of this paragraph. The application for such permission shall include: Profit and Loss Statement for the year 1941 (if not previously filed) and a proposed price determining method to be applied under the provisions of this paragraph. The price determining method shall be the method of determining price by relation to cost that a manufacturer had in effect on the base date for determining selling prices of products of the same or similar type, adjusted to reflect the ratio that general selling and administrative expense and profit born to sales in 1941. Upon receipt of approval, in writing, from OPA, a manufacturer may establish a price under the provisions of the preceding paragraphs (a) and (b), whichever is applicable, by applying the price determining method, filed with and approved by OPA under the provisions of this paragraph, as provided in section

10, except that for the cost of purchased parts and subassemblies to be included in the cost of production, the manufacturer shall use his cost on October 1, 1941, or if the manufacturer cannot determine his cost on October 1, 1941, the price for the parts or subassemblies in effect to a purchaser of the same class as the manufacturer in the same location on October 1, 1941. To the price which the manufacturer computes for his caster by use of his price determining method as provided in this paragraph, a manufacturer shall then add the following applicable percentages of such price: (1) 12.3% in the case of new washing machine casters; (2) 7.3% in the case of any new casters other than washing machine casters. The resulting figure in either case shall be the maximum price of such product.

(d) If a manufacturer is unable to compute a price for any washing machine casters or any other new casters under the provisions of paragraphs (a), (b) and (c) above, the maximum price shall be computed under sections 9 and 10 of Revised Maximum Price Regulation 136, without reference to the provisions of this order.

(e) The maximum prices for sales of any new casters by resellers to any person other than a consumer shall be determined as follows: The reseller shall increase his maximum net price in effect to a purchaser of the same class, just prior to the issuance of this order, by $\frac{1}{2}$ of the percentage by which his net invoiced cost has been increased by reason of this order.

(f) Every manufacturer of new casters shall notify each person who buys such products for resale of the percentage amount by which the manufacturer has increased the reseller's net invoiced cost under the provisions of this order.

(g) All prices established under paragraphs (a), (b), (c) and (d) above, shall be subject to the same discounts, credits and allowances in effect to any purchasers and classes of purchasers just prior to the issuance of this order.

(h) Notwithstanding any of the provisions of this order, a manufacturer of new casters may charge and collect the maximum prices for sales of his casters which he had in effect just prior to the issuance of this order.

(i) The increases provided by this order are not applicable to sales of such casters by resellers to consumers, other than persons who install such products in any new machinery items for sale or resale.

(j) As used in this order, the phrase "established price in effect on the base date" shall be defined as that phrase is defined in section 28 of Revised Maximum Price Regulation 136, except that for the purposes of this order the words "the base date" shall mean October 1, 1941.

(k) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective February 25, 1946.

NOTE: All record keeping and reporting requirements of this order have been approved

by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 25th day of February 1946.

LINOLEUM AND FELT-BASE FLOOR COVERINGS

MAXIMUM PRICES FOR SALES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to § 1499.159b of Maximum Price Regulation No. 188, It is ordered:

Sec.

1. Purposes of this order.
2. Articles covered by this order.
3. Manufacturers' maximum prices.
4. Distributors' maximum prices.
5. Maximum prices of wholesalers, and of retailers, whose sales are covered by the General Maximum Price Regulation.
6. Maximum prices of retailers whose sales are covered by Maximum Price Regulation No. 580.
7. Invoices to purchasers for resale.
8. Notification to purchasers for resale.
9. Terms of sale.
10. Relationship of this order to other orders or regulations.
11. Revocation or amendment.

SECTION 1. Purposes of this order. This order specifies an adjustment charge to be used by manufacturers of certain linoleum and felt-base floor coverings; and it sets forth the specific pricing provisions which all sellers are to follow in calculating their maximum prices for sales of these products.

SEC. 2. Articles covered by this order. The articles covered by this order are linoleum and felt-base floor coverings, both rugs and yard goods; except rug borders.

SEC. 3. Manufacturers' maximum prices—(a) Determination of maximum prices. Manufacturers shall continue to determine their maximum prices for articles covered by this order under the same regulation and pricing provisions applicable before this order was issued.

(b) **Increase factor.** Manufacturers may increase, by 9 per cent, their maximum prices (exclusive of any permitted increases) properly established under Maximum Price Regulation No. 188, for sales to all persons except household consumers.

(c) **"Adjusted maximum price."** A manufacturer's "adjusted maximum price" is the higher of the following two amounts:

(1) His maximum price properly established under Maximum Price Regulation No. 188 increased by 9 per cent in accordance with paragraph (b) of this section; or

(2) His maximum price properly established under Maximum Price Regulation No. 188 plus any increases in that maximum price permitted by an OPA order,¹ other than this order.

¹This refers to orders issued under Supplementary Order No. 133 and order No. A-2 under Maximum Price Regulation No. 188.

(d) "Unadjusted maximum price."
 (1) A manufacturer's "unadjusted maximum price" for his sale to a person other than a retailer of an article whose maximum price is properly established under Maximum Price Regulation No. 188 is the maximum price so established, not including any increases in that maximum price permitted by an OPA order. However, if an OPA order¹ permits the manufacturer to increase that maximum price by an amount greater than 9 per cent, the manufacturer's "unadjusted maximum price" is the amount determined by deducting an amount equal to 9 per cent of the maximum price in effect before that increase was made from the price as increased in accordance with that order.

(2) A manufacturer's "unadjusted maximum price" for his sale to a retailer of an article covered by this order is the list price quoted by the manufacturer for that article in his price list in effect on January 1, 1946, exclusive of the amount of increase authorized by paragraph (b) of this section.

Sec. 4. Distributors' maximum prices—
 (a) *Definition.* When used in this order, the term "distributor" means a person who purchases an article covered by this order from the manufacturer at an agreed upon discount from the manufacturer's price to retailers (as stated in the manufacturer's price list, if any) and resells it to persons other than ultimate consumers.

(b) "Unadjusted maximum price." A distributor's "unadjusted maximum price" for sales to each class of purchaser of an article covered by this order is:

(1) The highest zone price quoted for such a sale by the manufacturer of such unit in his last price list in which the article was listed; or

(2) If the manufacturer's last price list in which the article was listed does not state prices on a zone basis, the distributor's unadjusted price shall be the f. o. b. factory price quoted for such a sale in that price list,² plus the differential over the manufacturer's f. o. b. factory price which the distributor charged in October 1941 on his sale in each zone of articles covered by this order of the same weight.

(3) If the distributor's unadjusted maximum price for a particular sale cannot be determined under (1) or (2) that unadjusted maximum price shall be the price approved in writing by the Office of Price Administration, after the distributor has submitted to it an application stating:

- (i) The date of the application
- (ii) The manufacturer's name, number or other identification of the article.
- (iii) The manufacturer's and the distributor's name and address.
- (iv) The proposed unadjusted maximum price.

¹ If such quoted price includes the increase permitted by Section 3 (b), the distributor's unadjusted maximum price is 91.7 per cent of the quoted price. If the price list does not indicate whether the quoted prices include that increase, the distributor shall assume that they do.

After receipt of such application, the Office of Price Administration will issue an order establishing unadjusted maximum prices for the distributor's sale of the article which will be in line with the level of unadjusted maximum prices established by or under this section. The distributor may not sell, or offer to sell, or deliver the article until after the issuance of such order.

(c) "Adjusted maximum prices." A distributor's adjusted maximum price for sales to each class of purchaser is the same as that authorized by this order for the manufacturer's sales of the same article; and it is subject to the same terms, discounts, allowances, and other price differentials, which the manufacturer quoted for that type of sale in March 1942.

If the manufacturer does not have an established maximum price, for a particular type of sale, the distributor shall find his adjusted maximum price for such a sale by using the terms, discounts, allowances, and other price differentials, which he customarily made during March 1942, on that type of sale; or if the distributor did not make that type of sale during March 1942, he shall use the customary terms, discounts, allowances, and other price differentials, of his closest competitor who made that type of sale of the same article, at that time.

Sec. 5. Maximum prices of wholesalers, and of retailers, whose sales are covered by the General Maximum Price Regulation. A wholesaler is a person other than a manufacturer or distributor, selling to persons other than ultimate consumers. A retailer is a person other than the manufacturer, selling to ultimate consumers. If the wholesaler or retailer determines his maximum prices under the General Maximum Price Regulation, his maximum price for sales of an article covered by this order shall be computed as follows:

(a) A wholesaler or retailer who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall determine his maximum resale price by adding to his supplier's unadjusted maximum price (as it appears on his purchase invoice) the same markup which he had on that comparable article, according to the method and procedure set forth in that section.

The determination of a maximum resale price in this way need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(b) If a wholesaler or retailer cannot determine his maximum resale price under (a), he shall apply to the Office of Price Administration for the establishment of his maximum resale price under

§ 1499.3 (c) of the General Maximum Price Regulation. The reseller's application shall, in addition to the information specifically required by that section, also give the following information:

(1) His supplier's unadjusted maximum price, if the supplier is a manufacturer or distributor.

(2) His actual invoice cost.

A maximum price established in this way will be in line with maximum prices established generally under this order for sales by the same class of seller.

Sec. 6. Maximum prices of retailers whose sales are covered by Maximum Price Regulation No. 580. If the retailer determines his maximum price under a pricing chart in accordance with Maximum Price Regulation No. 580, his maximum price shall be the price which he calculates under the pricing chart by using a "net cost" based upon his supplier's unadjusted maximum price, as it appears on his purchase invoice. Unless the context otherwise requires, the definitions in Maximum Price Regulation No. 580 apply to the terms in this section.

Sec. 7. Invoices to purchaser for resale. (a) Every person who delivers an article covered by this order to a purchaser for resale (except a retailer making a cross-stream sale covered by section 9 (b) of Maximum Price Regulation No. 580), shall furnish to the purchaser an invoice or other written evidence of sale, containing the following:

(1) The name and address of both the seller and purchaser, and the date of sale.

(2) The name, number, or other identification of each article sold.

(3) The quantity of each article sold.

(4) The seller's unadjusted maximum price for each article sold. (A wholesaler whose maximum price is determined under section 5 of this order shall not set forth this item (4).)

(5) The actual selling price of each article sold.

(6) The nature and amount of any additional charges.

(7) The terms of sale.

(b) No manufacturer or distributor may sell an article covered by this order at a price higher than such seller's unadjusted maximum price for the particular sale unless the unadjusted maximum price and the actual selling price are so identified.

(c) The seller shall retain a copy of such invoice or other written evidence of sale, for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(d) A retailer making a cross-stream sale to another retailer must furnish the purchaser with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580. If the cross-stream sale is made in accordance with section 9 (b) (1) of Maximum Price Regulation No. 580, the seller must also state on his sales invoice his supplier's unadjusted maximum price for each article covered by this order, as it appears on his purchase invoice.

Sec. 8. Notification to purchasers for resale. At the time of, or prior to, the first invoice to each purchaser for resale

showing a maximum price adjusted in accordance with this order, the seller shall notify the purchaser in writing, that:

(a) If he is a distributor, he must determine his maximum resale price under section 4 of Order No. 4875 under § 1499.159e of Maximum Price Regulation No. 188.

(b) If he is a wholesaler he must determine his maximum resale prices for articles covered by this order under section 5 of Order No. 4875 under § 1499.159b of Maximum Price Regulation No. 188.

(c) If he is a retailer he must determine his maximum resale prices for articles covered by this order under section 5 or 6 of Order No. 4875 under § 1499.159b of Maximum Price Regulation No. 188, whichever is applicable.

SEC. 9. Terms of sale. Every seller of an article covered by this order must maintain all terms, discounts, allowances, and other price differentials, in effect during March 1942, or which have been subsequently properly established under Office of Price Administration regulations or orders.

SEC. 10. Relationship of this order to other orders or regulations—(a) Maximum Price Regulations Nos. 188 and 580. The provisions of this order supersede the provisions of Maximum Price Regulations Nos. 188 and 580, only to the extent that they are inconsistent with the provisions of those regulations.

(b) **Supplementary Order No. 133, or Order No. A-2 under Maximum Price Regulation No. 188.** Manufacturers may continue to adjust their maximum prices in accordance with the increase permitted under Supplementary Order No. 133 or Order No. A-2 under Maximum Price Regulation No. 188, instead of the increase factor specified in section 3.

SEC. 11. Revocation or amendment. This order may be revoked or amended by the Price Administrator at any time.

SEC. 12. Effective date. This order shall become effective on February 25, 1946.

NOTE: The record keeping and reporting provisions of this order have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942, as amended.

Issued this 25th day of February 1946.

On and after the effective date of this order, regardless of any contract, agreement or other obligation, no person covered by this order shall sell, offer to sell or deliver at retail as defined in section 2 above, any of the items listed as Appendices A and B attached hereto, at higher prices than the maximum prices set forth in those Appendices. All sellers under this order shall continue to allow to contractors, as defined in section 2 above, their customary cash discounts with respect to all sales of commodities specified in Appendix B, which were in effect during the base period used in determining their maximum prices under the applicable regulation prior to the effective date of this order. No additional charge may be made for delivery within the area covered by the order and, except as above provided, no discounts or allowances need be given.

FIREWOOD IN MONTANA

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and

§ 1499.18 (c) of the General Maximum Price Regulation, and for the reasons set forth in the accompanying opinion, this Second Revised Order G-13 is issued.

1. What this Second Revised Order G-13 does. This Second Revised Order G-13 supersedes, as of the effective date hereof, Revised Order G-13 and Amendments 1 to 3 thereto, and sets forth herein dollars-and-cents maximum prices for firewood sold and delivered in the specified areas in the state of Montana, and expressly provides that during the months of February, March, and April of each year, during which time access to the raw material is difficult and the expense of bringing the same to market is greater, higher maximum dollars-and-cents prices shall prevail in certain areas.

2. Maximum prices in specified areas. (a) The maximum prices for firewood sold and delivered at wholesale and at retail in Lincoln, Flathead, Sanders, Lake, and Mineral Counties, and all that part of Lewis and Clark County except the municipality of Helena, from and after the effective date of this Second Revised Order G-13, shall be as follows:

	Wholesale	Retail
(i) Firewood, cut from any kind of timber, cut in lengths of not less than 4 feet and delivered to buyer, per cord.	\$6.00	\$8.00
(ii) Firewood, in lengths of 10", 12", 14", or 16", any kind of timber, delivered to buyer, per cord.	7.50	9.50
(iii) Firewood, any kind of timber, in 12" lengths, delivered to buyer, per rick.		2.50
(iv) Firewood, any kind of timber, in 16" lengths, delivered to buyer, per rick.		3.25
(v) 16" Slabwood, any kind of timber, delivered to buyer, per cord.	5.25	6.50

(b) The maximum prices for firewood sold and delivered at wholesale and at retail in the municipality of Helena, Montana, shall be, from and after the effective date of this Second Revised Order G-13, as follows:

	Wholesale	Retail
(i) Firewood in 4-foot lengths and over, delivered to buyer, per cord.	\$8.00	\$10.00
(ii) Firewood in 10", 12", 14", and 16" lengths, delivered to buyer, per cord.	10.00	12.00
(iii) Firewood in 12" lengths, delivered to buyer, per rick.		3.25
(iv) Firewood in 16" lengths, delivered to buyer, per rick.		4.25

3. Permitted seasonal increases. Beginning with 12:01 o'clock a. m. on February 1, 1946, and ending with 12:00 o'clock midnight on April 30, 1946, and between these dates every year thereafter, the maximum prices hereinabove specified may be increased as follows:

- For Lincoln County, \$2.00 per cord and 75¢ per rick;
- For Lewis and Clark County, except the municipality of Helena, Montana, \$3.50 per cord wholesale and \$4.00 per cord retail;
- For Flathead County, \$1.00 per cord and 25¢ per rick.

4. Higher established prices may be maintained. Any seller who has a price duly established under the General Maximum Price Regulation that is higher than the applicable price specified in paragraph 2 hereof may continue to sell

at such duly established higher maximum price.

5. Definitions. (a) "Cord" means that quantity of firewood contained within a height of 4 feet, a width of 4 feet, and a length of 8 feet, when placed in an orderly manner.

(b) "Rick" means that quantity of firewood contained within a height of 4 feet, a width equal to the specified length of the wood in question when less than 4 feet in length, and a length of 8 feet, when placed together in an orderly manner.

6. Invoices and records. Every person making a sale of firewood for which a maximum price is set by this Second Revised Order shall give the purchaser or his agent at the time of the sale an invoice or other memorandum of sale, which shall show:

- The date of sale.
- The name and address of the buyer and seller.
- The quantity of firewood sold.
- Description of firewood sold, in the same manner as it is described in this order. (This shall include the kind of wood, i. e., hard, soft, or mixed, and length of pieces of wood.)

(e) Place of sale. (If the price is dependent on place of delivery, then the place of delivery shall be stated.)

(f) The total price of the wood.

On the invoice or memorandum, a separate statement shall be made of any discounts and of each service rendered, such as delivery, carrying and stacking, and the charge made for each such service. The seller shall keep an exact copy of such invoice or memorandum for a period of two years, and such copy shall be made available for inspection by the Office of Price Administration.

7. Bureau of the Budget approval. The record-keeping provisions of this Second Revised Order G-13 have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

8. Relation to other orders. Revised Order G-13 and Amendments 1 to 3 thereto are hereby terminated and superseded by this Second Revised Order G-13, as of the effective date hereof.

9. Licensing. The provisions of Licensing Order 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

10. Right to revoke or amend. This Second Revised Order G-13 may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Second Revised Order G-13 shall become effective on the 6th day of February 1946.

Issued this 11th day of February 1946.

ORDER EXTENDING EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 20th day of February A. D. 1946.

The Commission having heretofore on December 2, 1938, after a public hearing, ordered that Great Northern Gas Company, Limited, be exempted to the extent specified from certain provisions of the Public Utility Holding Company Act of 1935 applicable to it as a subsidiary company of North Continent Utilities Corporation, a registered holding company; and

The Commission, after subsequent applications by Great Northern Gas Company, Limited, having in its order dated June 18, 1945, extended the time during which such order should be effective to January 31, 1946; and

Great Northern Gas Company, Limited, having on January 15, 1946, filed an application pursuant to Section 3 (b) of the Public Utility Holding Company Act of 1935 seeking an extension of the time during which such previous order of this Commission should be effective; and

The Commission having considered such application and it appearing that the circumstances upon which such original order of exemption was issued still exist and that a further extension of the time during which such order of exemption shall be effective will not be detrimental to the public interest or the interest of investors or consumers;

It is therefore ordered, That the time during which such order of exemption shall be effective be, and hereby is, extended until January 31, 1947, without prejudice to the right of Great Northern Gas Company, Limited, to apply for a further extension of the time during which such order shall be effective and also without prejudice to the right of Great Northern Gas Company, Limited, to apply at any time for such enlargement of any of the provisions of such order as it may deem appropriate.

By the Commission.

PENNSYLVANIA EDISON CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 25th day of February 1946.

Notice is hereby given that a declaration has been filed with this Commission, pursuant to § 12 (c) of the Public Utility Holding Company Act of 1935, by Pennsylvania Edison Company, a subsidiary of a registered holding company; and

Notice is further given that any interested person may, not later than March 4, 1946, at 5:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration, as filed or as amended, may be permitted to become effective, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration which is on file in the offices of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Pennsylvania Edison Company, an indirect subsidiary of General Public Utilities Corporation, proposes to pay on April 1, 1946, the regular quarterly dividend for the quarter ending March 31, 1946, on its \$5 and \$2.80 Series Cumulative Preferred Stock, in the respective amounts of \$1.25 and 70 cents per share, aggregating \$213,152.80, such dividends to be payable to holders of shares of such stock of record at the close of business on March 11, 1946. The company states that it has outstanding 123,466 shares of \$5 Series Cumulative Preferred Stock and 84,029 shares of \$2.80 Series Cumulative Preferred Stock, all of which are held by the public.

The company states that its books show a substantial earned surplus, but that preliminary original cost statements filed with the Pennsylvania Public Utility Commission and the Federal Power Commission indicate that the book value of the fixed capital of the company is about \$13,460,000 in excess of the original cost of its plant and properties. This excess has not been segregated between Account 100.5 (electric plant acquisition adjustments) and Account 107 (electric plant adjustments) nor have arrangements yet been made for the disposition of such excess over original cost. The company hence states that it is not clear at this time as to whether or not the company has an earned surplus available for dividends on its preferred stock.

The company has designated section 12 (c) of the act and Rule U-46 (a) promulgated thereunder as applicable to the proposed declaration and payment of dividends. It has requested acceleration of the Commission's action upon such declaration.

By the Commission.
